

PrimeTime Center Eatontown Summer 2018

HAVING FUN ON THE FARM

WASH RINSE DRY THE WOOL

We do not need great weather to have fun, but some activities are just better done outside. At Howell Living Farms we enjoyed our sheep shearing adventure and spun their wool on a spinning wheel. We also wove wool on a weaving board we made ourselves. It is amazing how many things can be made out of wool. At Historic Allaire Village we toured old homes, and the bakery. We purchased souvenirs at the General Store. It was amazing watching a blacksmith forge iron. Who knew how much work went into making tools and eating utensils back then. During a Farmer's Day activity at Holmdel Park we were able to see how hard people worked back in the day from dawn till dusk. We gained a greater understanding of family roles, clothing, furniture and technology of the 1890s. We sure were glad when we were able to make ice cream with modern day appliances.

A JOURNEY THROUGH TIME

ROCKIN' AT THE GRAMMYS

We took a fascinating journey through time at the Liberty Hall museum and explored the mansion rooms that welcomed guests such as George Washington, Ulysses S Grant and even George H. Bush. At the Grammy Museum, we explored Grammy Award History. On stage, we participated in an interactive experience using various aspects of the recording process, including playing instruments and singing with some of the music industry's biggest stars and legends. At the Thomas Edison Museum, we viewed artifacts and listened to 100-year-old Phonographs. We learned about all of his inventions and tried the Telegraph.

STAGE PERFORMANCES

SPRING A DING- DING SHOW

We saw the Snow-White Ballet at the Count Basie. The beautiful fluid movements and the colorful costume made it easy to sit through classical music. The performers made the dancing seem so simple. At Monmouth University, we enjoyed a colorful cast of jumping frogs, twirling flowers dancing birds and glittering rain showers making us feel that Spring had finally arrived. The Middletown Dance Academy came to entertain us with current dance routines covering Jazz, Ballet, Tap and even Hip Hop. We were dancing in the isles. We enjoyed these shows so much that we are very seriously thinking about having our own Talent Show.

Although time seems to fly by, it never travels faster than one day at a time. Each day is a new opportunity to live your life to the fullest-Steve Maraboli

We had tons of fun learning to be independent while enjoying the world around us. Nothing stopped us not even the weather. We are excited for the new activities ahead. Working in our garden and volunteering for the Monmouth County Parks System as well as the Mangia Food Pantry are sure to bring us fulfillment. A Manasquan Reservoir Boat Tour and a visit to Monmouth Park Race Track for a behind the scenes tour with Team Margotta are just a few of the highlights of our upcoming summer activities. Want to know more? Visit us on Facebook (no account needed) and see us in action. Enjoy the Summer
