

Our Harvest of Memories

PrimeTime Center Brick - Autumn 2018

Here in Brick we have been busy welcoming in the fall season. We have been enjoying the last days of warm weather with trips to Eastmont Orchards to pick our own peaches and apples. This season we even learned how to make apple pies with our freshly picked apples! Our favorite community outing this season has been a trip to Delicious Orchards where we went on a behind the scenes tour of their bakery.

We were especially thankful for the cooler fall weather on our trip to the Cape May County Zoo. This was a special event that required us to wake up a little earlier but it was totally worth it! We had a great time learning about different animal species and were lucky to see such a variety of animals.

This season we have been broadening our horizons and trying new things. We all had a great experience eating at a Japanese Hibachi restaurant. This was a first for many of us and we had a wonderful time trying new foods. We also had a scavenger hunt competition within the community which required us to get out of our comfort zones. Some of the challenges were to help a stranger load their groceries into their car, sing Christmas carols in public, and to make a phone call to ask a question.

We continue to give back to our community here in Brick. This season we participated in a beach clean up event in Island Beach State Park. We learned the importance of keeping the beaches and the waters clean and lent a hand to the park rangers by picking up trash. We also had a visit from one the veterinarians from Jersey Shore Animal Shelter, Dr. Kate who taught us about the importance of supporting shelters adoption. She even brought in her dog, Hailey, a certified therapy dog to show us how to safely approach new dogs. We were sure to thank Dr. Kate and Hailey by making homemade dog treats to share back at the shelter.
